

# Evidencia: Documento describir gustos. AA2-EV02

Hello, this document describes an object and a person applying how to describe tastes.

**This is my favorite pair of sneakers.**

The right shoe is more worn out and is behind the left shoe. They are beautiful; their color is black. They have a flat sole and are quite dirty, which makes them look quite worn. I am almost done cleaning them.

These shoes are very comfortable when walking throughout the day, although they are not the best for longer walks. They are not suitable for sports; for example, these shoes for running can cause foot injuries. Blisters, which are painful, can also occur. However, they are still my favorite shoes.

★★

**This is mee**

I am a too lovely man hahaha. I am studying in the undergraduate physics program. This is my favorite jacket; it looks very warm, perfect for those cool nights. In this photo, I am standing behind a palm tree, and behind me and the palm tree is a house. I am wearing blue shoes and blue sneakers

It is a beautiful night. This photo was taken in Finlandia, Quindio. On that day, I traveled for an hour from Armenia to visit this town. The area is at the entrance of the town. After walking for one kilometer, you reach the urban area.
